

LTS Application Materials

The following are materials that we ask you to submit with your application. Please have these prepared when applying.

- Unofficial transcripts from any and all post-secondary institutions attended. Note: transcripts in a language other than English should be translated, but this unofficial translation does not need to be certified.
 - Example: You are currently attending the UO but have transfer credits from your hometown college. You will need to submit unofficial transcripts from your hometown college AND the UO.
 - If you are admitted, an official transcript will be required, and a certified translation if in a language other than English.
- Statement of Purpose: The Statement of Purpose should be between 3 and 5 pages in essay format. Artificial Intelligence tools should not be used to compose this text; it should be an example of your own writing abilities and your own voice. Please include specific information about:
 - What prior educational and/or professional experiences have led you to apply to the LTS MA program
 - How these experiences have prepared you for academic success in the LTS MA program
 - What potential goals you have after the program
 - What the LTS program offers that will help prepare you for these goals
 - Who your imagined future learners might be, and what approaches to language learning might be most effective for them
- IF English is not your primary language, you will need to report your English language TOEFL or IELTS test scores in the application to meet the Division of Graduate Studies' [English Language Proficiency Requirement](#). Proof of these scores will be required if you are admitted.
- Recommendations: In the application you will be asked to provide the names and email addresses for 3 individuals who are willing to submit a letter of recommendation for you. These letters should be from faculty or supervisors who can speak to your academic or professional and personal readiness for graduate study.
